

KINDERMUSIK WITH KIM

Referral Program

Do you love Kindermusik or know you'd love Kindermusik but are finding it hard to fit the tuition into your budget for this semester? Our Referral Program may be for you! Here's how it works:

Register for a Fall Semester or a Winter/Spring Semester before the first class with a 50% credit card or check deposit. You then have until 2 weeks *into* the semester to spread the word! For each family you refer who registers, you receive a \$20 credit. If you find five or six families to register BEFORE the second week of class, your tuition is paid for! (depending on class cost)

FREQUENTLY ASKED QUESTIONS

What if I find less than 5 or 6 families?

You receive \$20 credit towards your tuition for each family who registers that you referred. If you don't find any or find less, you'll pay the balance you owe by the third class of the semester.

What's the best way to get the word out?

Email the KindermusikWithKim.com website and information to all your friends, family, neighbors in the area and invite them to try a class or register along with you. Post on Facebook! Blog about us!

Need some help? Request free preview coupons to pass out at ECFE, school, MOPS groups, the park, the grocery store, gym, etc. or make your own! Add your name to the coupon so we can give you the credit if families register after trying the class.

What if I find so many families that I have more credit than I owe?

Any leftover credit can be applied to the next full semester

Can I still receive the early bird discount?

No. Early bird discounts are for those who register by a certain date AND pay in full.

How do I register for this program?

Contact Kim Shiely at kim@kindermusikwithkim.com and you will receive a promo code to register online or a registration form to send in with payment.

What's the deadline?

You may register your family with a 50% deposit anytime before classes begin for the next Semester. Your referred families must be registered for the classes that are credited to you before the second week of the semester when your balance is due.
